Service) MB Docket No. 99-25

My name is Samuel Reese, and I strongly support any actions the Federal Communications Commission can take to expand and support the Low Power FM radio service. Please consider allowing rural LPFMs the right to use the originally proposed 1000 watts (that was cut to 100 watts through NAB/NPR lobbying). WXCS-LP 92.9 suffers from encroachment inside the 3-5 mile radius from Buffalo (to the north) and Pittsburgh (to the south).
